

Dear Colleagues and Friends,

As the number of lives affected by the COVID-19 pandemic has now reached the millions, the health and safety of our congress attendees, our patients and our families, remains our primary concern.

While we may come from different nations, we are all experiencing difficult and trying times, and we must continue to work together to slow the spread of the disease.

With this situation in mind, the European Academy of Neurology has decided to **go virtual again** for the **7th EAN Congress on June 19-22, 2021**, originally to be held in Vienna.

Once again, we look forward to offering you the opportunity to learn from experts in your field, grow your professional network, and discover the latest best practices in neurology, all in the comfort of your home. Building on our experience from the EAN Virtual Congress 2020, we will utilise the very best technical solutions to provide you with a virtual experience as comfortable and rewarding as the real thing.

In order to make participation affordable for colleagues all over the world, EAN is offering reduced fees for the virtual congress.

From 1 December, please find detailed information on the EAN Congress Website at www.ean.org/congress2021.

Thank you for your commitment to make the 7th EAN Congress/2nd EAN Virtual Congress a success!

On behalf of the entire EAN Board, we wish you, your families, and your community the best of health.

Truly yours,

Claudio L. Bassetti
EAN President
